Lloyds Banking Group

Lloyds Banking Group is proudly supporting **The Excellence in Mental Health Care Award**

Lloyds Banking Group is one of the UK's largest financial services providers. Our 65,000 staff serve around 30m customers in every part of the country through our historic brands, including Lloyds Bank, Halifax, Bank of Scotland, and Scottish Widows. We are the UK's largest digital bank and are leading providers of the finance that allows families to buy their homes, save for their future, and help businesses support their communities. Everything we do is designed to allow us to help Britain prosper by being a safe, successful, and sustainable business that is a key part of the UK economy.

"We launched our partnership with Mental Health UK in January 2017, with the aim of raising £4 million over two years. Colleagues and customers quickly exceeded expectations, raising an astonishing £8.6 million in that time, and smashing our original ambition. Total funds now exceed £15 million as the partnership continues. We are proud to be working with Mental Health UK to promote awareness of mental health, and to support the Excellence in Mental Health Care Award 2022. Tackling this issue will not only make a big difference to the productivity and prosperity of the country, but most importantly, to people's lives and well-being." Fiona Cannon OBE, Group Sustainable Business Director, Lloyds Banking Group
